Plan Testifies Before  
Committee

WASHINGTON, May 18.—As criticism of the Townsend old age pension movement was started today by "old cash" and "to make a half of money" were denied by Dr. E. Townsend today before a House of Representatives investigating committee.

A crowded committee room, with people standing in the aisles listened intently as James H. Townsend, committee counsel, examined the elderly, retired California physician, who in four years has become a national figure through his plan to pay \$200 a month pension to all persons in United States over 60.

At the outset, Representative Tolan (D., Calif.), a Townsendite committee member, protested the line of questioning, but he was overruled by Chairman Butler (D., Mo.).

"Did you hear that? This old state has done her part," when you're

# ALBERTA ASKS HEAVY GRANTS FROM OTTAWA

CANTON, May 19.—Chinese currencies broke sharply in the foreign exchange market today, following reports on the monetary agreement reached in Washington between fiscal authorities of China and the United States.

WASHINGTON, May 19.—Secretary of the Treasury Morgenthau said Monday the United States government has agreed to pay large amounts of silver from China to provide dollar exchange to help China stabilize her currency.

Simultaneously, in a statement, the secretary said the representatives of the Chinese ministry of finance and ourselves will be possible to improve the internal stability of national currency and with this achieve a greater international stability.

It was emphasized, however, that Morgenthau was not advocating an international currency at this time. Replying to a specific question, he said he would prefer to confer with one nation at a time.

Morgenthau's announcement at a press conference, called as representatives of the Chinese ministry of finance concluded a series of conferences, began two weeks ago, to exchange views in mutual progress.

The treasury head would not say how much silver would be bought, but said payment would be made at the average world price each month.

## NEW TANNERY TO OPEN HERE

Strong likelihood that a new tannery will be opened in this city was made known on Tuesday when J. E. McKinley, of Camrose, interviewed Hon. Ernest C. Manning, minister of trade and industry with a view to obtaining government financial aid for the industry.

The minister stated that he was impressed with the idea of the tannery, which would be a fine addition to provincial industry. The likelihood is that Mr. McKinley would rent a building first rather than build and then gradually expand. No definite assurance of assistance was given by the minister.

## FLOODS BLOCK CARS LESSER SLAVE LAKE

Water Rises—Horses No Longer Tow Cars Through Flood

Flood conditions at Lesser Slave Lake now make it impossible to travel on the highway past that point. Up until Monday night cars could get through by having a five-mile tow at the east end of the lake but water has risen so high that horses can no longer tow the cars and as yet no crews have been put into operation.

Ice from the lake is floating around over the area of the old town site and getting up by the bridge at the mouth of the Lesser Slave river leading out of the lake. Other roads in Alberta are in good condition and possible with-out difficulty.

A detailed report follows: Edmonton to Jasper, road pass-able; some bad spots. Edmonton to Peace River, road impassable. Slave Lake, Edmonton to Athabasca, road fair. Edmonton to North Battleford and Saskatoon road is possible and in good condition. Edmonton to Wainwright, road good. Edmonton to Calgary, road good. Edmonton to Provost, via Hughenden, road is good. Edmonton to Churchill, road is rough. Edmonton to Malmour, road is rough. Edmonton to Veteran, road open.

## King Edward Opens Straw Lid Season

LONDON, May 19.—The King today officially inaugurated the straw hat season, appearing at the Chelsea Flower Show wearing one. He did not wear a hat and the weather was not ideal.

"It's hopeless for us garden-ers unless we get some rain," he said. "I had only a half hour's rain yesterday."

King Edward spent Sunday in the flower garden of his country home at Sandringham.

On Tuesday morning the minister, with George B. Hewson, K.C., deputy attorney general, and Dr. Malcolm R. Bow, visited the Oliver institution and met Dr. W. J. McManis, medical superintendent.

On Wednesday the minister expects to go to the Oliver Mental Institution on Saturday as the slayer of W. R. Stewart.

## Zeppelins Pick Up Speed on Trip

ABOARD THE ZEPPELIN HINDBERG enroute to America, May 19.—Swinging south of a storm area over the Atlantic, the big Zeppelin Hindenberg picked up speed today with a possibility of reaching New York late tonight on its second flight from Germany.

Except for one sudden squall yesterday which tilted the airship's nose, breeze dates and frightened some passengers, the voyage has proceeded with smooth momentum.

The Hindenberg passed south of a depression area last night while still 1380 nautical miles from New York.

At 8 a.m. M.S.T., the Hindenberg's position as reported by radio north latitude and 54 degrees 33 minutes west longitude—approximately 945 miles away from New York.

## JUDGE FINDS FOR PLAINTIFF IN MORTGAGE

Dr. F. W. Crang Successful in Interesting Legal Tangle

Personal judgment against Dr. A. C. Butler, F. C. Jamieson, K.C., J.W., and R. B. Douglas and the Goodridge estate, for \$4,000 interest and arrears on a \$30,000 mortgage on the McDougall Terrace property, north of the Craig house and the right to issue execution was awarded to Dr. F. W. Crang by Mr. Justice Ford in a judgment handed down Tuesday. The plaintiff was also awarded costs. The case aroused considerable interest in legal circles.

N. C. Wilson and S. Bruce Smith were counsel for Dr. Crang, Bruce Maclean for Hon. A. C. Butler, D. D. Macdonald, J. H. Jamieson, and the Douglas brothers; and William Rea for the Goodridge estate.

The judge held that Dr. Crang, being a farmer, was protected by the Debt Adjustment Act, and gave the plaintiff leave to apply to pay Debt Adjustment Board for a permit which would validate the proceedings already commenced.

The defendants gave a guarantee to pay the interest as on a straight debt and not on a mortgage in consideration of a reduction of interest and extension of time given in 1921. When the interest got behind to the extent of some \$4,000, last November, Dr. Crang brought action. He was given personal judgment for his claim under the mortgage.

The judge also held that the waiver of that section of the Judicature Act which restrains a mortgagee from issuing execution after sale of the property, by the defendants, was valid and binding.

## HUGILL PROBES OLIVER SLAYING

Consideration is being given by Hon. J. W. Hugill, K.C., attorney general, as to whether legal action will be taken against George Allen, named by a coroner's jury, sitting at the Oliver Mental Institution on Saturday, as the slayer of W. R. Stewart.

On Tuesday morning the minister, with George B. Hewson, K.C., deputy attorney general, and Dr. Malcolm R. Bow, visited the Oliver institution and met Dr. W. J. McManis, medical superintendent.

On Wednesday the minister expects to go to the Oliver Mental Institution on Saturday as the slayer of W. R. Stewart.

Facist authorities said today they found the bodies of the two men, Alexander and Edward, in the ruins of the Oliver Mental Institution, which was destroyed by fire on May 19, 1935.

They said Edna's implication before the house of commons that they had met Fritz Lager, a provocative agent, pretending to be a British secret agent, was like a page from a dime novel.

They did not deny the foreign secretary had proved W. C. Martin, who had been in the hands of the Gestapo, was innocent of intent to purchase so-called secrets.

The northern half of the Peace River area 50 per cent of the wheat and a small percentage of coarse grains have been seeded, with work proceeding rapidly and conditions generally good. The same percentage is reported in the Edmonton district.

## London Financier Says He Could Get Advance Tip On British Budget

LONDON, May 19.—A London financier's "tip" that he could "get hold of information" from a cabinet member, whom he named as Colonial Secretary J. H. Thomas, was described to the British "budget" inquiry today by Dr. Reginald J. Hearn, Cambridge medical graduate and barrister.

Dr. Hearn testified that F. Verge, who describes himself as a financier and shipowner, told him this during an after-dinner discussion last September 28. At the same time, he said, "chances of making big money were mentioned."

Thomas had denied from the witness stand that he revealed any of the budget secrets, including Hugh Verge's claim that he was a member of the cabinet. The Chancellor of the Exchequer, Neville Chamberlain, told the budget in Commons on April 21. "Do you remember any words about the budget from a member of the cabinet?"

**Defend Canada's  
Membership With  
League Of Nations**

**VICTORIA, May 19**—Defence of Canada membership in the League of Nations was the subject of a debate in the House of Commons today.

Robert Falconer, president emeritus of the University of Toronto and president of the League of Nations, defended Canada's membership in the League.

"What a million dollar membership fee compared with the billions of dollars of war," he said. "I don't think the money we pay for our defence is wasted."

Falconer said that the League had suffered but it is still our only insurance for peace.

Robert said he felt the League should attempt to remedy the cause of war, not merely maintaining the status quo. The principal cause of war, he said, was that people could not trade freely with each other.

## U.S. Chief Sufferer in General Decline of Trade in Five Crops and Wheat Flour.

**LONDON, May 19**—The Imperial economic committee announced Monday that Soviet Russia has replaced the United States as the world's largest producer of wheat, oats and barley. The announcement was based on the grain crop report for the period of 1925-26.

The world average yield of wheat in 1925-26 was 17.000,000 tons a year of nearly 50 per cent from the 1924-25 figure of 11,000,000 tons. The report stated that the United States had produced 1,000,000 tons less than in 1924-25.

**HIGH LEVEL IN 1925**  
The price of wheat in 1925 reached its highest level since 1920 due to expectations of a gradual liquidation of the huge 1924 crop by the committee found.
